Particulars	Amount (₹)
(1) Short-term capital gain on sale of shares of an Indian listed company is chargeable to tax in the hands of Mr. Rajesh Sharma, since it has accrued and arisen in India even through the sale proceeds were credited to bank account in Singapore.	58,000
(2) Dividend of ₹ 48,000 received from Singapore based company transferred to his bank account in Singapore is not taxable in the hands of the non-resident since the income has neither accrued or arisen in India nor has it been received in India. Since dividend is not taxable in India, interest paid for investment is not allowable as deduction.	Nil

3. Examine with brief reasons, whether the following are chargeable to income-tax and the amount liable to tax with reference to the provisions of the Income-tax Act, 1961:

- (i) Allowance of ₹ 18,000 p.m. received by an employee, Mr. Uttam Prakash, working in a transport system granted to meet his personal expenditure while on duty. He is not in receipt of any daily allowance from his employer.

Answer:

Chargeability	Amount liable to tax (₹)	Reason
(i) Partly taxable	96000	Any allowance granted to an employee working in a transport system to meet his personal expenditure during his duty is exempt provided he is not in receipt of any daily allowance. The exemption is 70% of such allowance (i.e., ₹ 12,600 per month being, 70% of ₹ 18,000, in

		the present case) or ₹ 10,000 per month, whichever is less. Hence, ₹ 1,20,000 (i.e., ₹ 10,000 x 12) is exempt. Balance ₹ 96,000 (₹ 2,16,000 – ₹ 1,20,000) is taxable in the hands of Mr. Uttam Prakash.
(ii) Not Taxable	-	As per section 10(34), dividend received upto ₹ 10 lakhs from Indian companies on which dividend distribution tax is paid by the company, is exempt in the hands of shareholder. As per section 10(35), income received from units of mutual fund is exempt. Hence, ₹ 9,63,000, being the dividend from Indian companies and ₹ 4,34,000, being the dividend from units of equity oriented mutual fund is not taxable in the hands of Mrs. Aadhya.

Answer: Computation of income chargeable under the head “Capital Gains” for A.Y.2020-21

Particulars	₹ (in lakhs)
Capital Gains on sale of residential building	
Actual sale consideration ₹ 810 lakhs	
Value adopted by Stamp Valuation Authority ₹ 870 lakhs	
Gross Sale consideration	870.00
[Where the actual sale consideration declared by the assessee on the date is less than the	

value adopted by the Stamp Valuation Authority for the purpose of charging stamp duty, and such stamp duty value exceeds 105% of the actual sale consideration then, the value adopted by the Stamp Valuation Authority shall be taken to be the full value of consideration as per section 50C.

However, where the date of agreement is different from the date of registration, stamp duty value on the date of agreement can be considered provided the whole or part of the consideration is received by way of account payee cheque/bank draft or by way of ECS through bank account on or before the date of agreement. In this case, since advance of ₹ 80 lakh is received by cash, stamp duty value on the date of agreement cannot be adopted as the full value of consideration. Stamp duty value on the date of registration would be considered for determining the full value of consideration, since such value exceeds 105% of ₹ 810 lakhs]

Less: Brokerage@1% of sale consideration (1% of ₹ 810 lakhs) 8.10

Net Sale consideration 861.90

Less: Indexed cost of acquisition

- Cost of vacant land, ₹ 80 lakhs, plus registration and other expenses i.e., ₹ 8 lakhs, being 10% of cost of land [₹ 88 lakhs × 289/113] (225.06)

- Construction cost of residential building (₹ 100 lakhs x 289/122) (236.89)

Long-term capital gains³ before exemption 399.95

Less: Exemption under section 54 (130.00)

The capital gain arising on transfer of a long-term residential property shall not be chargeable to tax to the extent such capital gain is invested in the purchase of one residential house property in India one year before or two years after the date of transfer of original asset. Therefore, in the present case, the exemption would be available only in respect of the residential house acquired at Delhi and not in respect of the residential house in UK.

Less: Exemption under section 54EC (50.00)

Amount deposited in capital gains bonds of NHAI within six months after the date of transfer (i.e., on or before 13.7.2020), of long-term capital asset, being land or building or both, would qualify for exemption, to the maximum extent of ₹ 50 lakhs, whether such investment is made in the current financial year or subsequent financial year.

Therefore, in the present case, exemption can be availed only to the extent of ₹ 50 lakh out of ₹ 97 lakhs, even if the both the investments are made on or before 13.7.2020 (i.e., within six months after the date of transfer).

Long term capital gains chargeable to tax 219.95

Note: Advance of ₹ 20 lakhs received from Mr. Johar, would have been chargeable to tax under the head “Income from other sources”, in the A.Y. 2016-17, as per section 56(2)(ix), since the same was forfeited on or after 01.4.2014 as a result of failure of negotiation. Hence, the same should not be deducted while computing indexed cost of acquisition.

- (v) Sanchit of Assam is engaged in intra-State supply of both taxable goods and services. His aggregate turnover in the current financial year is ₹ 30 lakh.

Answer:

As per section 22 of the CGST Act, 2017 read with *Notification No. 10/2019 CT dated 07.03.2019*, a supplier is liable to be registered in the State/Union territory from where he makes a taxable supply of goods and/or services, if his aggregate turnover in a financial year exceeds the threshold limit. The threshold limit for a person making exclusive intra- State taxable supplies of goods is as under:-

- (a) ₹ 10 lakh for the States of Mizoram, Tripura, Manipur and Nagaland.
- (b) ₹ 20 lakh for the States of States of Arunachal Pradesh, Meghalaya, Puducherry, Sikkim, Telangana and Uttarakhand.
- (c) ₹ 40 lakh for rest of India. However, the higher threshold limit of ₹ 40 lakh is not available to persons engaged in making supplies of ice cream and other edible ice, whether or not containing cocoa, Pan masala and Tobacco and manufactured tobac co substitutes.

The threshold limit for a person making exclusive taxable supply of services or supply of both goods and services is as under:-

- (a) ₹ 10 lakh for the States of Mizoram, Tripura, Manipur and Nagaland.
- (b) ₹ 20 lakh for the rest of India.

In the light of the afore-mentioned provisions, the answer to the independent cases is as under:-

- (i) Raghav is eligible for higher threshold limit of turnover for registration, i.e. ₹ 40 lakh as he is exclusively engaged in intra-State supply of goods. However, since Raghav is engaged in supplying readymade garments from a Special Category

State i.e. Tripura, the threshold limit gets reduced to ₹ 10 lakh. Thus, Raghav is liable to get registered under GST as his turnover exceeds ₹10 lakh. Further, he is required to obtain registration in both Assam and Tripura as he is making taxable supplies from both the States.

- (ii) The applicable threshold limit for registration for Pulkit in the given case is ₹ 40 lakh as he is exclusively engaged in intra-State taxable supply of goods. Thus, he is not liable to get registered under GST as his turnover is less than the threshold limit.

(iii) Harshit being exclusively engaged in supply of pan masala is not eligible for higher threshold limit of ₹40 lakh. The applicable threshold limit for registration in this case is ₹20 lakh. Thus, Harshit is liable to get registered under GST.

(iv) Though Ankit is dealing in Assam, he is not entitled for higher threshold limit for registration as the same is applicable only in case of exclusive supply of goods while he is exclusively engaged in providing services. Thus, the applicable threshold limit for registration in this case is ₹ 20 lakh and hence, Ankit is liable to get registered under GST.

(v) Since Sanchit is engaged in supply of both taxable goods and services, the applicable threshold limit for registration in his case is ₹ 20 lakh. Thus, Sanchit is liable to get registered under GST as his turnover is more than the threshold limit.

12. Mr. Ajay has a registered repair centre where electronic goods are repaired/serviced.

His repair centre is located in State of Rajasthan and he is not engaged in making any inter-State supply of services. His aggregate turnover in the preceding financial year (FY) is ₹ 45 lakh.

With reference to the provisions of the CGST Act, 2017, examine whether Mr. Ajay can opt for the composition scheme in the current financial year (FY)? Is he eligible to avail benefit of concessional payment of tax under *Notification No. 2/2019 CT (R) dated 07.03.2019*? Considering the option of payment of tax available to Mr. Ajay, compute the amount of tax payable by him assuming that his aggregate turnover in the current financial year is ₹ 35 lakh.

Will your answer be different if Mr. Ajay procures few items required for providing repair services from neighbouring State of Madhya Pradesh?

Answer:

Section 10 of the CGST Act, 2017 provides that a registered person, whose aggregate turnover in the preceding financial year did not exceed ₹ 1.5 crore (₹ 75 lakh in Special Category States except Assam, Himachal Pradesh and Jammu and Kashmir), may opt to pay, in lieu of the tax payable by him, an amount calculated at the specified rates.

However, if, *inter alia*, such registered person is engaged in the supply of services other than restaurant services, he shall not be eligible to opt for composition levy.

In the given case, since Mr. Ajay is a supplier of repair services, he is not eligible for composition scheme even though his aggregate turnover in the preceding FY does not exceed ₹ 1.5 crore. Therefore, he has to discharge his tax liability under regular provisions at the applicable rates.

However, with effect from 01.04.2019, *Notification No. 2/2019 CT (R) dated 07.03.2019* has provided an option to a registered person whose aggregate turnover in the preceding financial year is upto ₹ 50 lakh and who is not eligible to pay tax under composition scheme, to pay tax @ 3% [Effective rate 6% (CGST+SGST/UTGST)] on first supplies of goods and/or services upto an aggregate turnover of ₹ 50 lakh made on/after 1st April in any FY, subject to specified conditions.

Thus, in view of the above-mentioned provisions, Mr. Ajay is eligible to avail the benefit of concessional payment of tax under *Notification No. 2/2019 CT (R) dated 07.03.2019*

as his aggregate turnover in the preceding FY does not exceed ₹ 50 lakh and he is not eligible to opt for the composition scheme.

Thus, the amount of tax payable by him under *Notification No. 2/2019 CT (R) dated 07.03.2019* is ₹ 2,10,000 [6% of ₹ 35 lakh].

A registered person cannot opt for *Notification No. 2/2019 CT (R) dated 07.03.2019*, if *inter alia*, he is engaged in making any inter-State outward supplies. However, there is no restriction on inter-State procurement of goods. Hence, answer will remain the same even if Mr. Ajay procures few items from neighbouring State of Madhya Pradesh.

13. Advise regarding availability of input tax credit (ITC) under the CGST Act, 2017 in the following independent cases:-

Since in the given case, the mini bus has a seating capacity of 16 persons, the ITC thereon will not be blocked. (ii) Section 17(5) of the CGST Act, 2017, *inter alia*, blocks input tax credit in respect of motor vehicles **for transportation of persons** with certain exceptions. Thus, ITC on motor vehicles for transportation of goods is allowed unconditionally. Therefore, ITC on trucks purchased by Bangur Ceramics Ltd for transportation of its finished goods from the factory to dealers located in various locations within the country is allowed.

(iii) Section 17(5) of the CGST Act, 2017, *inter alia*, blocks input tax credit in respect of motor vehicles for transportation of persons having approved seating capacity of not more than 13 persons (including the driver), except when they are used for making further supply of such motor vehicles. Being a dealer of cars, “Hans Premium” has purchased the cars for further supply. Therefore, ITC on such cars is allowed even though seating capacity is less than 13.

(iv) Section 17(5) of the CGST Act, 2017 *inter alia*, blocks input tax credit in respect of outdoor catering services. However, ITC is available on such services, when the same are provided by an employer to its employees under a statutory obligation. 2. Any amount that the supplier is liable to pay in relation to such supply but has been incurred by the recipient, is includible in the value of supply under section 15 of the CGST Act, 2017.
3. Since arranging freight is the liability of supplier, it is a case of composite supply and thus, freight charges are added in the value of principal supply.
4. Discount given before or at the time of supply if duly recorded in the invoice is deductible from the value of supply under section 15 of the CGST Act, 2017.

16. Mahak Sons is a registered supplier of electronic items and pays GST under regular scheme. On 15th July 2019, Mahak Sons received an order from Sunder Trader for supply of a consignment of electronic items. Mahak Sons gets the consignment ready by 20th July 2019. The invoice for the consignment was issued the next day, 21st July 2019.

Sunder Trader could not collect the consignment immediately. Sunder Trader collects the consignment from the premises of Mahak Sons on 30th July 2019 and hands over the cheque towards payment on the same date. The said payment is entered in the books of accounts of Mahak Sons on 31st July, 2019 and amount is credited in their bank account on 1st August 2019.

You are required to determine the time of supply of the electronic items for the purpose of payment of tax.

Answer: As per section 12(2) of the CGST Act, 2017, the time of supply in respect of goods shall be the earlier of the following two dates:-

(a) Date of issue of invoice/last date on which the invoice is required to be issued as per section 31 of the CGST Act, 2017

(b) Date of receipt of payment

Further, as per *Notification No. 66/2017 CT dated 15.11.2017*, a registered person (excluding composition supplier) has to pay GST on the outward supply of goods at the time of supply as specified in section 12(2)(a) i.e., date of issue of invoice or the last date on which invoice ought to have been issued in terms of section 31. As per section 31(1), the invoice needs to be issued either before or at the time of removal (where supply involves movements of goods) of goods/delivery of goods/ making goods available to the recipient.

In this case, the invoice is issued before the removal of the goods and is thus, within the time limit prescribed under section 31(1). Therefore, time of supply for the purpose of payment of tax is the date of issue of invoice, which is 21st July, 2019.

17. ABC Ltd., a registered supplier has made following taxable supplies to its customer Mr. P in the quarter ending 30th June, 2019.

Date	Bill No.	Particulars	Invoice value (including GST) [₹]
5th April, 2019	102	Notebooks [10 in numbers]	1,200
10th May, 2019	197	Chart Paper [4 in number]	600
20th May, 2019	230	Crayon colors [2 packets]	500
2nd June, 2019	254	Poster colors [5 packets]	900
22nd June, 2019	304	Pencil box [4 sets]	700

Goods in respect of bill no. 102, 230 and 254 have been returned by Mr. P. You are required to advise ABC Ltd. whether it can issue consolidated credit note against all the three invoices?

Answer: Where **one or more** tax invoices have been issued for supply of any goods and/or services and

(a) the taxable value/tax charged in that tax invoice is found to exceed the taxable value/tax payable in respect of such supply, or

(b) where the goods supplied are returned by the recipient, or

(c) where goods and/or services supplied are found to be deficient, the registered person, who has supplied such goods and/or services, may issue to the recipient **one or more** credit notes for supplies made in a financial year containing prescribed particulars.

Thus, one (consolidated) or more credit notes can be issued in respect of multiple invoices issued in a financial year without linking the same to individual invoices.

Hence, in view of the above-mentioned provisions, M/s ABC Ltd. can issue a consolidated credit note for the goods returned in respect of all the three invoices.

18. Mr. X, a supplier of goods, pays GST under regular scheme. The amount of input tax credit (ITC) available and output tax liability under different tax heads is as under:-

Head	Output tax liability	ITC
IGST	2,000	4,000
CGST	800	2,000
SGST/ UTGST	2,500	500

Compute the minimum GST payable in cash by Mr. X. Make suitable assumptions as required.

Answer: Mr. X can use the ITC to pay his output tax liability. The order of utilisation of ITC is as under:-

(i) IGST credit should first be utilized towards payment of IGST.

(ii) Remaining IGST credit, if any, can be utilized towards payment of CGST and SGST/UTGST in any order and in any proportion.

(iii) Entire ITC of IGST should be fully utilized before utilizing the ITC of CGST or SGST/UTGST.

(iv) ITC of CGST should be utilized for payment of CGST and IGST in that order.

(v) ITC of SGST /UTGST should be utilized for payment of SGST/UTGST and IGST in that order. However, ITC of SGST/UTGST should be utilized for payment of IGST, only after ITC of CGST has been utilized fully. CGST credit cannot be utilized for payment of SGST/UTGST and SGST/UTGST credit cannot be utilized for payment of CGST.

Computation of minimum GST payable in cash

Particulars	CGST (₹)	SGST (₹)	IGST (₹)
GST payable	800	2,500	2,000
Less: ITC	-	(2,000)-IGST	(2,000)-IGST
	(800)-CGST	(500) – SGST	
Net GST payable in cash	Nil	Nil	Nil

Since sufficient balance of ITC of CGST is available for paying CGST liability and cross utilization of ITC of CGST and SGST is not allowed, it is beneficial to use ITC of IGST to pay SGST (after paying IGST liability) to minimize cash outflow.
